ABOUT RADICLE CANNABIS

Founded in 2014 in Hamilton, Ontario, Radicle Cannabis Inc. is a licensed producer operating under the Cannabis Act with a mission to become the leader in the craft segment. Radicle grows in small batches for one simple reason: it helps us deliver a superior product. Our premium, craft cannabis is homegrown in Hamilton, 100% hydroponic and hand-trimmed by our proprietary method to ensure the highest quality of every single plant from seed to harvest.

CANNABIS STRAIN | Brunch

Brunch is a sativa-dominant flower hailing from parent strains Clementine and Purple Punch that packs a fruity, citrusy flavour profile. The buds of this powerful, THC-potent strain are hand-trimmed and hang-dried to produce dense, bright green nugs that are frosted with crystals and peppered with orange pistils. Brunch is grown indoors, hydroponically in small batches and offers an airy fruit punch aroma and deep, lemon pungency that is sweet on the palate. This daytime favourite lends its uplifting qualities to dominant terpenes limonene and pinene, balanced out by caryophyllene which is also found in cloves and rosemary.

THC 17-22% | CBD 0-1% | Strain Type: Hybrid

Brunch Bud

3.5 Gram Jars

Pre-Rolls 3 x 0.5 Grams

CANNABIS STRAIN | Strawberry Fire OG

Strawberry Fire OG is an indica dominate strain that marries Strawberry Cough and Fire OG. This strain produces big, deep green buds tinged with strawberry-blond hairs. Delicately preserved, crystal-coated nugs offer a sweet yet skunky aroma fueled by their OG lineage. Strawberry Fire OG hits the nose with a sour scent that mutes into a smooth, berry sweetness. Soaring on a phenomenal phenolic composition, this strain packs a fresh flavour, candied sweetness and strawberry aftertaste. Uplifting with limonene/myrcene dominance, this strain is balanced out by its robust terpene profile.

THC 18-23% | CBD 0-1% | Strain Type: Indica

Strawberry Fire OG Bud

3.5 Gram Jars

Pre-Rolls 3 x 0.5 Grams

CANNABIS STRAIN | Dj's Gold

Produced indoors with care in small batches, DJ's Gold is an indica/sativa hybrid that packs a golden genetic profile. This strain provides a rich scent, sweet aroma and distinctly fruity flavour. Inherited from its Blueberry lineage, the buds of this hydroponically-grown plant are robust and bright green with orange hairs & violet undertones. DJ's Gold offers an earthy, bright and floral taste with myrcene/limonene terpene dominance rounded out by linalool — a terpene also found in lavender. Hang-dried and hand-trimmed for consistency, our expertly monitored microgrows ensure the quality of every single plant from seed to harvest.

THC 16-21% | CBD 0-1% | Strain Type: Hybrid

Dj's Gold Bud

3.5 Gram Jars

Pre-Rolls 3 x 0.5 Grams

CANNABIS STRAIN | Legendary Orange Apricot

Legendary Orange Apricot is a medium-potency indica/sativa hybrid cross between Legend OG and a strain of Orange Apricot. Big, deep green buds tinged with short red hairs and frosty trichomes burst with citrusy flavours and a tangy zest, leaving your palate with an unforgettable taste. This strain is grown hydroponically indoors, hung to dry and hand-trimmed in small batches to preserve quality. Legendary Orange Apricot offers mood-boosting cannabinoids and a robust terpene profile rich in myrcene, limonene and caryophyllene. Aromatic, earthy and tart with a floral aftertaste, this strain is ideal for daytime or nighttime use.

THC 11-15% | CBD 0-1% | Strain Type: Hybrid

Legendary Orange Apricot Bud

3.5 Gram Jars

Pre-Rolls 3 x 0.5 Grams
